ABSTRACT This paper is a verbatim transcript of a lecture given at [REDACTED] several years ago (c. 1967) by a veteran CE/CI Officer. It is intended to show you the kind of operations routinely undertaken by CI specialists. It also reveals a great deal about the mental processes and reactions of a tough and competent case officer.				
COMMENT (Note source) This was a Handout used in OC/CFC courses at [REDACTED] circa 1965-1970.
